TOWN FOREST COMMITTEE REPORT

Another year has passed and we hope that our stewardship of the Memorial Forest meets with your approval. Again we entered the tract in Statewide competition as a Municipal upkeep project in the New Hampshire Roadside Improvement Contest and were rewarded with a Cash Prize of \$25. This together with the original prize of \$50 and the monies appropriated by the Town, were spent in upkeep and also in filling in and eliminating the old disfiguring road that went back past the monument. A new road was made at another point. When the fill is loamed and grassed we hope to have a much better looking project. The "Shelburne Birches" have been the source of much publicity for both the Town and the State through newspaper articles and pictures. This bit of roadway is now one of the most photographed scenes in New Hampshire.

A little planting—a bit of cutting and a pretty general overall clean-up is needed for the coming year and we hope that the small amount requested in the Budget will be granted that the Committee may accomplish these things.

REPORT OF SUPERINTENDENT

To the Superintending School Committee and the Citizens of
the Shelburne School District:

Foreword

In making this report I would like to depart from a practice which has been used for several years. I shall quote two brief paragraphs and give the author and date of each article. It has seemed to me that sometimes we of this generation are unwilling to admit that things have changed. We are inclined to remember the "good old days." I hope that as you read the following paragraphs you will ponder the contents the especially note the date when each was written.

"It seems to me that the cardinal defect of modern education systems is, that they demand too much from their victims; they bind down the weary brain to the study of half a dozen ISMS and a score of OLOGIES, until a smattering is obtained of many branches of knowledge, but a profound acquaintance with none. Now-a-days we produce few scholars, but a host of elaborate little dunces!" This was written by H. W. Davenport Adams sometime prior to 1886.

"New materials and new inventions have now transformed our society into its final phase, for scientific inventions can take us only a little further" is the statement attributed by the U. S. Commissioner of the Interior in 1875.

To live solely in the past is a great mistake. The changes that are going on around us call for an alert state of mind and flexible policies whether it be in the school of life or the life of school.

Teacher

The teacher, this year, is Madeline Lary. Miss Lary taught last year at the Willis School in Dummer and formerly taught in Shelburne from 1944 to 1946.

Enrollment and Attendance

There are, at this writing, 18 enrolled in the school. This represents a decrease of 4 from the same period last year.

The percentage of attendance for 1951-52 was 93.23%. This was much lower than common. There were but 2 cases of tardiness during the past school year.

Tuition

There were, during the fall, 18 attending school in Gorham. Thirteen were in the elementary school and five in the high school.

The tuition rate for 1951-52 in Gorham is \$150.00 for elementary and \$225.00 for high school.

School Calendar

It is proposed that the School Board adopt the following school calendar for 1953-54.

First Term (72 days)

September 8, Tuesday, School Opens
November 25, Wednesday, Closing 12:30
November 26, 27, Thanksgiving Recess
December 18, Friday, School Closes

Second Term (35 days)

January 4, Monday, School Opens
February 19, Friday, School Closes

Third Term (39 days)

March 1, Monday, School Opens
April 16, Good Friday, Closed
April 23, Friday, School Closes

Fourth Term (34 days)

May 3, Monday, School Opens
May 31, Memorial Day, School Closed
June 18, Friday, School Closes

SCHOOL YEAR, 180 DAYS

Notes on the Budget

The school board's total budget for 1953-54 is \$10,927.32 as compared with \$9,631.00 for last year. This represents an increase of approximately \$1,300.00 in the total budget. Anticipated higher costs for tuition and salaries account for the increase. Tuition alone accounts for an increase of \$1,225.00.

Furnace

The reports that we get from the plumbers are that our furnace is in extremely poor condition. It has been torn down and welded twice within the last year. It is doubtful if it will last much longer.

A special article has been included in the Warrant so that the voters may take whatever action that they may wish regarding a new furnace.

Conclusion

It is always gratifying to note the regard that individual citizens and local organizations have for their school. Your interest in the well being of the entire school system, your support and your cooperation are most cheering.

I take this opportunity to again express my appreciation to the members of the School Board, parents, teachers and friends for the interest and support they have given to the school during past year.

Respectfully submitted,

ALBERT P. KNIGHTLY

Supt. of Schools.
